takeMS DDR3 Triple Channel Kit

take3
Triple Channel Kit for desktop
takeMS
TRIPLE POWER FOR MAXIMUM SPEED
DDR3 1066 DDR3 1333
10 YEARS WARRANTY
3 GB Kit 6 GB Kit 12 GB Kit
made to meet German quality standards

Specifications:

- Kit of 3 DDR3 memory modules
- ultimate performance boost for your triple channel platform
- 100% JEDEC compliant
- 1,5V memory voltage only, protects your CPU from damage and increases CPU overclocking capability by up to 5%

- availiable as 3GB (3x1GB) and 6GB (3x2GB) kits (12GB kit in near future)
- DDR3 1066 7-7-7-20 1,5V for entry level and midrange CPU
- DDR3 1333 8-8-8-24 1,5V for highend CPU

- for detailed specification please check the datasheet of the memory modules

Order Number: 3MSxGB364D081-xxx

X: 1 = 3GB
2 = 6GB

XXX: 107 = 1066MHz CL7
138 = 1333MHz CL8
